

The world is at a tipping point, and it desperately needs repairing. **Generation Re**, or as we like to call them, the Remakers, are courageous and motivated to repair the world. Idealists looking to collaborate through a community of like-minded peers. They are bold, resourceful and are passionate about positive change. They know that repairing the world is the way to live life.

## Who we are

Regeneration, powered by Cadena, a leading Humanitarian Organization, is a comprehensive transformational experience that aims to ignite awareness, educate about global challenges, and empower the future Remakers to transform the world.

## Our goal

To repair the world by empowering young adults to become changemakers.

## Our target

Young Minds between 13 and 18 years old.

## Our mission

To awaken young minds to use empathy, critical thinking, and decision-making skills to power change and make a positive difference in the world.

## From thought to action

Through a carefully designed journey, participants will be inspired and empowered to transform their reality, followed by opportunities to implement and affect change.

## Regeneration Young Minds Repairing the World

## Join our revolution And let's change the world together!

# The Regeneration Journey

## STEP #1

### Take the Online Course

An interactive course introducing our planet's current challenges and empowering them to affect change in a collaborative environment. Throughout the lessons, students will receive an interactive tool kit to ignite critical thinking, problem-solving, and decision-making skills. The course is approximately 6 weeks long.

## STEP #2

### Participate in the Regional Social Entrepreneurship Competitions

Following the course, students are invited to participate in a Regional Social Entrepreneurship Competition that provides the space and resources to propose and implement innovative solutions to repair the world using the design thinking framework.

Competitions [Click Here](#)

## STEP #3

### Experience a Humanitarian Mission

The winners of each regional competition will be invited on a humanitarian trip to Mexico, where they will experience a hand-in-hand mission and compete in the final event. They will get to know other Remakers from around the world.
